

# **MRC 2020 Summary Sheet**

## **Saturday November 28**

### **Calling Details**

27MHz Ch 26 LSB (27.265) & UHF Ch 26 (477.050)

12pm, 1pm, 2pm, 3pm, 4pm, 6pm, 8pm.

For members on air Friday night, can I suggest an 8pm call

Please monitor these channels at other times and advise other stations if you will not be contactable for some time, or ceasing operation for the day.

Note that usually the longest distance groundwave contacts are made later in the evening, feel free to discuss additional calling times and channels / frequencies.

Please note that antenna polarisation should be vertical, please advise if otherwise.
